Profile

When I'm not biking, I'm building the future. Full stack web developer looking for the right alignment of product, team, and vision.

Experience

Founder 07/2019 – present

Techsbox Austin, Texas

Developed an affordable and simple SaaS product for small electronic repair service businesses to manage their team and day-to-day operations more efficiently. ES6, Webpack, Node, React, MySQL, GraphQL, SendGrid API, Stripe API.

Senior Software Engineer 08/2015 – 04/2019

Sumo.com Austin, Texas

Played an integral role in scaling the product from one that simply collected emails to a full on email service provider enabling users to easily create and send email campaigns to their subscribers. ES6, Node, React, MySQL, SendGrid API, Stripe API.

Lead Developer 08/2013 – 07/2015

Bouncing Pixel Houston, Texas

Lead the development of several high-profile client web projects, starting from the initial client meetings through to the delivery of the completed product. PHP, Node, MongoDB, jQuery, C#.

Developer / Founder 01/2012 – 12/2013

Mote Labs Houston, Texas

Developed browser extension to enable users to control their smart televisions from a laptop. Grew app to over 40,000 daily active users. Pitched and participated in a Microsoft startup accelerator. Java, GWT, Node, MongoDB, Browser Extensions, Azure.

Research Assistant 08/2010 – 05/2011

University of Houston Houston, Texas

Worked in the Quantitative Imaging Laboratory studying various methods of background subtraction used in computer vision libraries like OpenCV. Built demo apps with C++ and Qt.

Tech / Cofounder 09/2009 – 10/2010

Digital Crisis Inc Houston, Texas

Brought in a majority of the initial customers through the design and development of a search engine optimized site and a door-to-door flier campaign that drove even more traffic to the site. PHP.

Tech Lead 08/2007 – 09/2009

Friendly Computers Webster, Texas

Managed team and daily business operations. Designed a workbench that quadrupled individual technicians' output and became the standard tech bench for all new franchised locations.
